CEO's Corner

Flooding Event

The contractors are estimated to have completed 47% of outstanding works, and we are officially at the half way mark of our designated timeframe to complete the works.

There are a number of roads that the remediation works have now been completed. If you have any concerns with the completed works please let us know and the quality of work can be inspected and repaired if required.

As this work is being carried out, the Shire would like to remind road users to be courteous and slow down within the areas crews are working, this will allow them to do their job in a safe manner and complete it sooner. Unfortunately we continue to have had a number of reports of vehicles speeding through road works.

For current road closures please refer to the Shire's website www.lakegrace.wa.gov.au or Facebook page for a list of roads that are closed within the Shire.
