Recycling Services

Household Waste Collection is a weekly service and collected each Tuesday for Lake Grace, Newdegate, Lake King & Varley.

Recycling is a fortnightly service and alternates between Lake Grace and Newdegate. See below for the upcoming recycling collection dates.

Lake Grace	Newdegate
Tuesday 28 February	Tuesday 21 February
Tuesday 14 March	Tuesday 7 March

Please Note: There is no kerbside recycling collection service in Lake King or Varley.

The recycling bins are collected by Warren Blackwood Waste and transported to a recycling facility. If items which are not recyclable are found the content can't be recycled and the load will be directed to the landfill.

If an item is covered in food, it is not recyclable. Food is one of the worst contaminators in the recycling process. By using the yellow top recycling bin correctly you are contributing, in a combined community effort, to reduce the amount of rubbish that is directed to landfill facilities each year.

For more information on Waste Management visit the Shire's website www.lakegrace.wa.gov.au.

UNOCCUPIED DWELLINGS SURVEY

The 4WDL group of LGA's is keen to understand what makes up the percentages across each of the six (6) Shires of Wagin, West Arthur, Williams, Woodanilling, Dumbleyung, and Lake Grace. To assist in building a case for investment, significant investigative effort has been carried out to better understand the demand for worker housing versus current supply including market conditions. This data and intelligence gathering process is vital to identify the supply gaps and possible investment solutions, including the potential for government intervention via grant or loan funding assistance.

A short survey of 5 questions has been produced to seek this information. We would be very grateful if everyone could complete and return this survey as soon as possible, preferably by no later than:

COB Friday 24th February 2023

Please go to the Shire Website link below, and complete the survey: https://www.lakegrace.wa.gov.au/.../4WDL_Key_Worker...
