Converting a District plate to a District optional plate. LG****

Do you currently display a Lake Grace District plate on your vehicle that is sentimental to you?

Did you know that these plates are ineligible to be remade if one or both are lost or stolen. These plates can now be converted to Optional District plates.

This means you would be able to

- Have them remade if they are lost or stolen
- The grant of the Certificate of Right to Display and Trade
- The ability to display them on a vehicle, whether it is licensed in the plates holder's name, a third party or an organisation
- The holder of the Certificate may sell that right at any price in the open market

There is no change to the appearance of a District plate once it has been converted but you do have the option to have it remade in either BLACK on WHITE, BLACK on YELLOW or BRAND WA FORMAT. (fee applies)

You do not require any forms and the current fee for conversion is \$175.00

Recycling Services

Household Waste Collection is a weekly service and collected each Tuesday for Lake Grace, Newdegate, Lake King & Varley.

Recycling is a fortnightly service and alternates between Lake Grace and Newdegate. See below for the upcoming recycling collection dates.

Lake Grace	Newdegate
Tuesday 4 July	Tuesday 27 June
Tuesday 18 July	Tuesday 11 July

Please Note: There is no kerbside recycling collection service in Lake King or Varley.

The recycling bins are collected by Warren Blackwood Waste and transported to a recycling facility. If items which are not recyclable are found the content can't be recycled and the load will be directed to the landfill.

If an item is covered in food, it is not recyclable. Food is one of the worst contaminators in the recycling process. By using the yellow top recycling bin correctly you are contributing, in a combined community effort, to reduce the amount of rubbish that is directed to landfill facilities each year.
