Recycling Services

Household Waste Collection is a weekly service and collected each Tuesday for Lake Grace, Newdegate, Lake King & Varley.

Recycling is a fortnightly service and alternates between Lake Grace and Newdegate. See below for the upcoming recycling collection dates.

Lake Grace	Newdegate
Tuesday 1 August	Tuesday 25 July
Tuesday 15 August	Tuesday 8 August

Please Note: There is no kerbside recycling collection service in Lake King or Varley.

The recycling bins are collected by Warren Blackwood Waste and transported to a recycling facility. If items which are not recyclable are found the content can't be recycled and the load will be directed to the landfill.

If an item is covered in food, it is not recyclable. Food is one of the worst contaminants in the recycling process. By using the yellow top recycling bin correctly you are contributing, in a combined community effort, to reduce the amount of rubbish that is directed to landfill facilities each year.

FLEET LICENSING

Did you know that if you or your company have 10 or more vehicles you can have them added to a Fleet Schedule which will allow you to have a common expiry date for all their renewals.

You will receive 1 renewal notice for all the vehicles and still have the option to pay for 3, 6, or 12 months registration.

To apply, you will need to complete an Application for Fleet Licensing (E72) form. This requires you to nominate your preferred common expiry date and to list all the vehicles you wish to be on the schedule. This will need to be sent to the Fleet Licensing Team—fleetlicensing@transport.wa.gov.au

Once your application has been processed you will be sent a letter advising you of your fleet licensing code, as well as individual tax invoices for vehicles that need to be re-aligned to the common expiry date.

Fleet management is accessible through the **DoTDirect** online portal and has a number of features including: -

- Automatic email reminders of fleet schedules due for renewal
- Adjust eligible vehicle expiry date to that of the common fleet expiry date
- Remove and add vehicles
- Re-print outstanding fleet schedules

More information can be found on the Department of Transport website—Fleet Licensing.

ANNUAL LICENCE EXPIRY DATE (Common Expiry Date).

Alternatively, if you have 3—9 vehicles in your name you can apply for a common licence expiry date. This differs from Fleet Licensing as renewals are still sent individually.

You do not need to make a formal application, instead when the vehicle becomes due for renewal simply attend a DVS centre or regional agent and request to licence to the date of your choice. Once all of the vehicles are brought into line with this date you will continue to receive vehicle licence renewals six weeks prior to the expiry date.
